## RUMFORD HOSPITAL SHOWS PATHWAY TO PROGRESS IN COMMUNITY HEALTH

Rumford Community Hospital joins hospitals throughout the nation in observing National Hospital Week beginning Sunday, May 11, and as a pre-highlight to this observance, they will present an active exhibit at the Dollars-for-Scholars Trade Show at the Rumford Armory, May 8 and 9. The exhibit follows the theme for the observance, "Your Hospital—Pathway to Progress in Community Health", emphasizing how today's hospital is establishing new pathways to channel health care into all areas of the community.

The traditional role of a community hospital has been to provide care for patients within its walls; however, today's hospitals are evolving into centers carrying a broad spectrum of health services into the community—services aimed at diagnosis, treatment, rehabilitation, education and prevention.

The exhibit will feature the life-saving equipment and procedures of the hospital's intensive care and coronary care unit. On the date of its opening three years ago, there were only 15 in the country. These units demonstrate one of the most progressive areas of medicine which modern hospitals throughout the country are incorporating in their total patient care.

As part of its "pathway to progress in community health", the hospital offers special classes in resuscitation methods to clubs, schools, and other community organizations. Classes are presently being conducted for area ambulance attendants, which is the next step in providing emergency treatment for patients before they reach the hospital.

At the exhibit, the public may also "see their heart in action". One of the electronic life-guard heart and pulse monitors, used in the hospital's intensive care and coronary care unit, will be demonstrated to interested citizens. People will be able to see, first-hand, how their pulse beat shows up on the monitor, and thereby receive a better understanding of the sophisticated equipment available for them when needed at Rumford Community Hospital.

## COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The town trucks will be available to haul rubbish next week during the clean-up campaign sponsored by the Chamber of Commerce. The proposed route schedule is printed elsewhere in this paper.

An attempt should be made to remove old automobiles from view at this time. For the most part the cooperation received from the owners of these vehicles has been very good and I hope it continues this year. We will assist as much as possible to clean up any unsightly objects but in some instances we lack the equipment required. If a person has a special problem in the removal of any item, they are encouraged to contact the Town Office and we will try to help them.

Eugene Brown is lettering the front windows of the Town Office. He is placing the name of the town, the various offices and office hours on the large windows and door.

The selectmen have changed their regular meeting nights from the first and third Monday to the second and fourth Monday night of each month.

## "Clean-Up Days"

Vernon Poland called this morning to report a roadside "clean-up" week end in this part of the town to take place the 10th and 11th. We hope everyone will help.

Did you know there wouldn't be any "clean-up" days if you (the public) wouldn't throw trash out at the sides of the road. Think about it before you heave your waste out of the car window. Take it home to your garbage can and save this back-breaking job of picking up the waste at the side of the road caused by careless thinking.

It also has been requested of the individual home owners to improve the beauty of your yards and surroundings by raking and remove the trash which has collected this winter. With the extra heavy snowfall hampering your efforts in caring for the old cars, etc., they have destroyed the beauty of your home. May we suggest a little paint, does a world of good to your dwellings and makes people look twice at your abode. They even drive by to see how nice you look. Let's make our town the "Beauty Spot" in Maine, beginning right off this week.

Mr. and Mrs. Ellis Davis were in Augusta Saturday at an all-day Secretary's conference led by State Secretary Everett Riley and wife, backed up by the Master and wife, Mr. and Mrs. Arthur Perkins and other state officers. The guests were National Secretary, Robert H. Proctor, and wife, from Florida. He is also, the State Master of the State.

Mr. and Mrs. Leslie Bryant, Bryant Pond, went to Augusta with Mr. and Mrs. Ellis Davis, Saturday, to call on their daughter and family, Mr. and Mrs. Irving Cushman.

Mr. and Mrs. Ellis Davis were in West Baldwin Thursday evening, where Mr. Davis filled the office of secretary as a guest officer. Going over we saw a partridge in the road. Returning a fox ran across the road in front of the car. The partridge was the second one to be seen by them this week.

Maybe they will increase if allowed to live for a few years and multiply without being shot. They have been decreasing steadily around here. Partridges could be seen any time, budding in the trees along the main road and when walking in the woods they'd flush from under your feet many times. Now it's practically a "never" item of nature.

Mrs. Addie Campbell spent the week end with Mr. and Mrs. Frank Campbell and family.

Judy Campbell was discharged from the CMG Hospital the middle of the week. She is much improved and expects to be in school Monday. Mr. and Mrs. Wyman Lord called on Mr. and Mrs. Harlan Andrews Sunday. They were home at Bolster's Mills over the week end and were headed back to Brockton, Mass., where they work.

Mrs. Harlan Andrews observed her birthday Saturday with the following callers: Mrs. James Andrews, Tony and Deven; Mrs. Burton Newton and daughter, Coleen, Bethel; Mrs. Herbert Cole and Mrs. Ray Thayer, South Paris.

Mr. and Mrs. Wendell Allen, Buck

## GREENWOOD CITY

**Mrs. Collette Morgan, Corres.**  
An old quotation states, "A sun of New England's air is better than a whole draught of Old England's Ale." If you doubt it come down to the farm country where a breath of it will clear the dusty cobwebs from your mind. Fill your lungs with it and feel the zip that will help you through many a weary day.

Take a walk and search for that modest, beautiful and joyous flower—one of the finest of all flowers, the arbutus. Find a little dip in a pine forest sheltered from the winds, as I did. The sun beat down on the bank with an inviting warmth. Under the leaves and among them are found the patches of mayflowers. Lift up a sprig and underneath you will find a cluster of buds with just a trace of white showing. If luck is with you, you may find one that has taken on a glorious pink color. This find is really completely soul satisfying.

In the distance I noticed the maples putting out their color amidst the pines. Their brightness is like sunshine to the landscape. This is especially true on a cloudy day, for they are like the sun breaking through a mist and glowing faintly on the hills here and there.

Above, soaring in circles with scarcely a wing motion, rapidly gaining height I saw the fish hawk. Now seen, now gone, invisible against the deep blue of the sky, reappearing as he circles against a big white cloud. Then he straight-

ened out and disappeared into the blue. Like a jet out of the sky he came again hurtling down, missed a tree by inches that I could just see over the brow of the hill, zoomed up again on spread wings and was gone.

Out on the marshy shore, their bodies glistening from the water in the sun I could hear an occasional quack and some times the low "Chuck-a-duck-a-duck" that contented ducks make. He's one of my favorites, this black duck, and I like to hear him as his wings come whistling from well over head.

Glittering against the marsh encased in its glassy bowl was the bend of Sanborn River, thin and inviting against the sky. It chuckled and whispered, while back in the valley all was so peaceful and serene.

Mr. and Mrs. Fred Curtis and family and Mrs. Walter Curtis and children went to their camp in Bingham for the week end.

Miss Judith Hakala was taken to the Stephens Memorial Hospital Saturday night for treatment and observation.

Mr. and Mrs. Robert Holt, Bangor, and Ann Holt, from Gorham, were at the home of their parents, Mr. and Mrs. Leonas Holt for the week end.

**IN MEMORIAM**

of Hazel Cash

who passed away in May 1965

There is a road of remembrance

Where thought and wishes meet

I take the road of love today

To the ones I cannot forget

Only a cluster of memories

Sprayed with a million tears

Wishing God had spared you

Just a few more years.

You were so young and full of life

As I know it to be on earth

But death is not a thing to fear

It is the Lord's great birth

Many more of our loved ones

Have joined you since you went away

And even though I miss you here

You are just a prayer today

The flowers I put upon your grave

May wither and decay

But the love for her who sleeps beneath

Will never fade away.

There is a path I know not where

I dream and think of her out there

I am not too far behind.

So keep the path that I can find.

Should you go first and I remain

One thing I'll have you do

Walk slowly down that long long path

For soon I'll follow you

I want to know each step you take

So I may take the same

For some day down that lonely road

You'll hear me call your name.

Friends Jennie Perkins,

Rev. Parker  
Bethel Church of  
the Nazarene

## 20 SECONDS WITH THE NAZARENE

"The man who would pray for a sober nation must plainly declare himself on the liquor issue. The man who would pray for an honest nation must be the foe of greed and graft in all of its forms. The man who would pray for a spiritual nation must give himself to the work of soul winning. Morally and spiritually he must make up the hedge. Old-time standards and convictions must be proclaimed whether men will hear or whether they will forbear." — Harry F. Jessop.

**CODE OF ETHICS**

As released by the State School Boards Association and approved by the Board of Directors, S. A. D. 44, Monday, May 5, 1969:

1. I will view service on a board of education as an opportunity to serve my community, state and nation, because I believe public education is the best means to promote the welfare of our people and to preserve our democratic way of life.

2. I will at all times think of children first and base my decision on how they will affect the child, his education and training.

3. I will make no disparaging remarks, in or out of the board meetings, about other members of the board or their opinions.

4. I will remember at all times that, as an individual, I have no legal authority outside the meetings of the board, and that I will conduct my relationship with the school staff, the local citizenry, and all media of communications on the basis of this fact.

5. I will recognize that my responsibility is not to operate the schools, but to see that they are well operated.

6. I will seek to provide education for all children in the community commensurate with their needs and abilities.

7. I will listen to all citizens but will refer all complaints to the proper authorities and will discuss such complaints only at a regular meeting after failure of administrative solution.

8. I will support graciously a decision, once it has been made by the majority of the board.

9. I will not criticize employees publicly, but will make such criticism to the superintendent for investigation and action if necessary.

10. I will make decisions only after all facts bearing on a question have been presented and discussed.

11. I will refuse to make promises as to how I will vote on a matter which should properly come before the board as a whole.

12. I will not discuss the confidential business of the board in my home, on the street, or in my office, the place for such discussion being the school board meeting.

13. I will confine my board action to policy making, planning and appraisal, leaving the administration of the school to the school department.

14. I will welcome and encourage cooperation and participation by teachers, administrators, and other personnel in developing policies which affect their welfare and that of the children they serve.

15. I will endeavor at all times to see that schools have adequate financial support within the capabilities of the community and state, in order that every child may receive the best possible education.

16. I will resist every temptation and outside pressure to use my position as a school board member to benefit myself or any other individual or agency apart from the total interest of the school district.

17. ## Letters to the Editor

Fifteen Uniforms for Greenwood Little League

Baseball gloves are being pounded again with fists, baseball bats are being sized up and the little boys in Greenwood are no exception. Several weeks ago, manager Herb Dunham, with Chuck Melville and Harry Swan, Jr., of Locke Mills, started a campaign among organizations and merchants to purchase uniforms for the fifteen members of the Greenwood Little League Team. They were very gratified to receive money enough for twelve uniforms and enough for partial payment on a thirteenth one. We are all hoping, however, that we can achieve the goal, which is money enough to purchase the fifteen uniforms so that no little boy has to sit on the bench without one.

It is gratifying to see the local organizations and merchants support these little fellows as there is so little recreation for them in the summer. We are still hoping we will receive money enough for the fifteen uniforms and in the very near future there will be a poster in one or two of the local stores in Locke Mills with the list of donors thanking them for their help and also for the purpose of telling the parents of these boys that the businessmen and organizations do take an interest in their children.

Let's all hope and think "FIFTEEN."

## TELSTAR STUDENTS IN BIO-

LOGY LAB—(Left to Right) Cheryl Stevens and Debi Bolen.

The classes of Telstar biology instructor, Richard Roy, have recently completed a unit on the functioning animal. As part of that unit students have studied the anatomy of a frog by dissecting various specimens, but how different that process is from what it used to be.

Gone are the days when a student had to lift an ancient carcass out of the formaldehyde and probe the lifeless tissue. The frogs used

in Mr. Roy's classes are plied, that is, their spinal cords and portions of their brains have been destroyed. Thus the animal remains essentially alive although no longer capable of feeling pain. Students can observe the heart beating, the capillary action of the blood, the living tissue, the digestive system, etc. Although various parts of the body can no longer be influenced by the brain, they can be stimulated into reflex action by the use of salt or acid. These methods make frog dissection a much more dynamic process than it was formerly.

## TELSTAR SPORTS

The Telstar pastimers suffered a long non-conference double header which resulted in a double defeat last Saturday afternoon at the hands of a fine, experienced Fryeburg ball club which is enjoying a very good season. Good experience for the visitors!

Tuesday was a different story, with Telstar taking an early lead against Livermore Falls on their soil and then going down with a heartbreaking 6-5 count. Steve Hastings started on the mound and bowled to Dwight York during the fifth inning. Better things are hoped for when Mt. Blue comes visiting at the Bryant Pond field today (Thursday).

## TELSTAR REGIONAL HIGH SCHOOL NEWS

### GUIDANCE

Since the Guidance Department will soon be counseling students in grades 9 through 11 in the selection of their courses for 1960-70 a message from Guidance to parents and students is appropriate at this time.

The primary goal of the guidance program at Telstar Regional High School is to facilitate the total well-being and the educational development of each student.

Guidance is that systematic, organized phase of the educational process which helps a youth grow in his power to give point and direction to his own life, educationally, vocationally, personally, and socially; to the end that he may gain richer personal experience while making his own unique contribution to our democratic society. To obtain these objectives, you should be planning for his or her own future. What are the goals, your hopes, interests and aspirations? These personal factors must correspond to the reality of your potential and past achievement. Only by considering such factors and discussing them in the light of the future with parents, counselors, teachers, and friends; as well as looking into occupations and their requirements, might you have an idea of your vocational future and the academic course you will need to pursue.

Each student is assigned to an individual counselor. In the counseling situation you and your counselor will meet as often as necessary. Students are always urged to assume the responsibility for initiating a conference. To obtain a conference, a student has only to ask the guidance department secretary for an appointment.

Requests for your appointments during the school day are necessary so that arrangements can be made to see the student during a time when he is not in class.

The guidance office maintains a complete file of catalogues of colleges, vocational schools and nursing training institutions, books and pamphlets on occupations, tapes and filmstrips. Consult your counselor to determine the requirements of the post-secondary school that you desire to attend and plan your program to meet those needs.

Colleges, vocational schools and nursing training institutions often send representatives to discuss admission problems. You will be posted well in advance of their visits, to permit you and your parents to participate in the interview.

The guidance department is prepared to discuss with you the standards for entrance into a post-secondary school, financial aid and arrangements for part-time employment. The guidance department is available to assist students in finding summer employment while in high school.

Attention of members of the current Senior Class at Telstar:

A follow-up program, beginning with the first graduating class in June, 1960, will be conducted each year in September. Your prompt reply to the follow-up requested will facilitate the services of the guidance department to the graduates. In addition, the follow-up services contribute a good sampling of the activities of the graduates, and furnish

### SUNDAY RIVER

— Mrs. R. M. Fleet, Corres. —

The Alden Kennetts have been entertaining company.

Russell Yates took his parents to Norway Sunday afternoon to visit an old neighbor of 50 odd years ago—Mrs. Una Jackson and family.

Carl Nowlin seems to be riding in a new car.

Gary Yates has purchased a "new car to him" of Bryce Yates.

Gary and Jeffrey Yates called on their grandparents the Estes Yates Sunday afternoon.

Russell Yates helped his brother, Tom Yates Friday afternoon put new roofing on his house.

Mr. and Mrs. Estes Yates and Russell Yates took supper with the Rodley Adams family April 20, then attended the schools music program at Lovell in which Gregory and Lorene had parts. Every one did a wonderful job and I know a good time was had by all.

Sunday night visitors at the Bryce Yates were his parents and brother Russell and Mr. and Mrs. Allen Chapman. We all enjoyed an evening of home movies.

Everyone is glad Mr. and Mrs. Charles Rumels are planning to make a new home on the river soon and be "one of us."

Mr. and Mrs. R. M. Fleet were Monday forenoon callers at the Yates.

How beautiful is the bare ground this spring—but there is still lots of snow in places.

Mrs. Jane Young was in South Paris one day last week.

Mr. and Mrs. R. M. Fleet went to see how the snow was going along the road to Ketchum Monday. We had good spring traveling as far as the twin bridges. The rest of the road was not open.

They tell us we are to have a logging crew move into Ketchum this summer. Then no late sleeping.

There are at least four deer left as they were seen this week.

The birds are chipping sparrow, and our usual company of barn swallows, also another flock of geese. Chipmunk are out but keep in the sun and are rather quiet.

Mr. and Mrs. Estes Yates and son Russell, called on Mr. and Mrs. Bryce Yates and family, Sunday.
